

## Disenrollment Procedures

School sites no longer have the ability to delete enrollment records. Below explains the process to allow another SCUSD school to enroll students prior to the beginning of the school year for students who were promoted during the Student Roll Forward.

1. On the Enrollment tab, modify the Start and End Dates to be 07/01/20XX and add End Status to T160 or other appropriate code.
2. In the student's previous year's End Status, update the End Status to T160 or other appropriate code. Enter into End Comments transfer district/school name  
This enrollment (dummy) enrollment will not be removed from Infinite Campus.

The screenshot shows a form with the following fields and values:

*Start Date	No Show	End Date	End Action	*Service Type
07/01/2018	<input type="checkbox"/>	07/01/2018		P: Primary
*Start Status			End Status	
15: Continuous within same school			T160: Regular, non-discip transfer to public CA School	

- Scenario 1B: The student was promoted or pre-enrolled to the school; however, you are notified **by another SCUSD school** that a student will not be attending your site
